

The term “Assigned In-patient” is used in this context to denote those patients whose family physician (FP) has:

- Accepted most responsible physician (MRP) status for their care while resident in the community, and
- Active privileges at the acute care facility in which the patient has been admitted and follows the rules and by-laws of the health authority.

The General Practice Services Committee (GPSC) Assigned In-patient Care Network Incentive is applicable to FPs with a community practice who are delivering assigned in-patient care services and meet the criteria outlined on the GPSC web site at: [www.gpsc.bc.ca](http://www.gpsc.bc.ca) . In order to register for the Assigned In-patient Care Network Incentive, each FP must be listed on this form and a new form must be submitted if membership in the network below changes.
