

On April 1st, 2013 the General Practice Services Committee (GPSC) launched four new incentives related to In-patient Care. The details of the incentives can be seen at: www.gpsc.bc.ca/inpatient-care-program. For Divisions of Family Practice (DoFP) or Family Physician (FP) groups which are administering one or more of these incentives, a small administrative envelop is available to assist the DoFP/FP Group with the first year of administration.

In order to claim the in-patient care administrative funding, complete this form and submit it by fax to Divisions Central at 604-638-2916 or by emailing it to: inpatientcare@bcma.bc.ca.

Division of Family Practice (if applicable):	
City/Town/Community applying for in-patient care incentive administration funding:	
Hospital the incentive administration is being requested for:	
Date submitted:	
DoFP/FP Group contact name:	
DoFP/FP Group contact phone number:	
DoFP/FP Group contact email:	

Of the four administrative components outlined below, DoFPs/FP Groups should only complete and request funding for the incentives which they are administering.

1) Software funding support

	Eligible funding
1) Software envelop for DoFPs / FP Groups that will be administering either the \$2,100 G14086 Assigned In-patient Care Incentive or the \$150 G14088 Unassigned In-patient Care Fee through the DoFP/FP Group. The funding shown is the maximum available and the DoFP/FP Group should only request what the software actually cost for incentive administration up to the maximum.	Up to \$2,000
Requested Software Funding (1) =	

GPSC In-patient Care Incentive Administration Funding Request

Last revised: May 29, 2013
